Don Henman - Environmental Technician
Randall Fain - Environmental Engineer

Summary: I met with the above persons at the facility. The contact person is Wendell Fortner. A slide presentation was shown with discussions on locations of sites of concern. An outline of the proposed follow-on actions for the sites listed in their SCS Engineering Report for site closure/post closure activities of July 1982 was discussed. The Facility presently has a proposal in Headquarters for follow-on-actions at 20 of their sites and a request to build a hazardous waste landfill within the Facility boundaries. The Facility is completing Phase II and beginning Phase III of the IRP. I also received a copies of the following reports:

- a. PBA - Hazardous Landfill/Closure Sites Vol. I 8/84
- b. PBA - Hazardous Landfill/Closure Sites Vol. II 8/84
- c. Site Closure Plan - Site 20A 1/84
- d. Site Closure Plan - Site 10A 1/84
- e. Site Closure Plan - Site 17 1/84
- f. Two Facility Maps
